

SENECA FALLS CENTRAL SCHOOL DISTRICT ACADEMIC INTERVENTION SERVICES (AIS) PLAN 2018 – 2019 School Year

I INTRODUCTION

Academic Intervention Services (AIS) means additional instruction and/or student support services which supplement the instruction provided in the general curriculum and assists students in meeting the state's Learning Standards for students in Grades 3 - 12. AIS is intended to assist students who are at risk of not achieving the state's learning standards in English Language Arts, Mathematics, Social Studies and Science, or who are at risk of not gaining the knowledge and skills needed to meet or exceed designated performance levels on State Assessments. AIS shall be made available to students with disabilities on the same basis as non-disabled students to the extent consistent with the student's individualized education program.

A Response to Intervention Approach/Multi-Tiered System of Support is used for students in Grades K – 5 to screen students and identify levels of academic support that are necessary for students requiring assistance in achieving the state's learning standards and proficiency in Reading and Math.

II ELIGIBILITY FOR ACADEMIC INTERVENTION SERVICES

(Identified ELA & Math scaled score cutoffs are determined annually via a NYSED Memo.)
- B. **Regents Exams** – Students that achieve less than 65% on required ELA, Math, Social Studies, and Science Regents Examinations are eligible for AIS during the subsequent semester or school year.
